

FUN WITH SHAPES

There are so many things you can do with shapes! Painting with them is just one idea.

These shapes can be simple things from around the house.

What you need:

Some shapes to dip into the paint
(things you know will wash)

- A plastic cup (circle)
- A toy block (any shape)
- Plastic container, with two or three spots for paint
- Paint
- Paper
- Smock (an old T-shirt)
- Newspaper or matting to cover the floor and table (helps in the clean up after)

Find somewhere you don't mind a bit of mess and have fun! Get a bit messy and talk about the shapes you make and other shapes you can see around you.
